

XIIIth Spanish Biometry Conference and 3rd Ibero-American Biometry Meeting

The Spanish Region of the International Biometric Society promotes the development and application of mathematical and statistical methods in biology, medicine, psychology, pharmacology, agriculture and other areas of the life sciences. The Spanish Region prepares its biannual meeting, to be held in Barcelona, September 7 – 9, 2011.

CALL FOR PAPERS

We welcome papers from diverse areas such as:

- Bioinformatics
- Design of experiments
- Statistical modelling and simulation
- Statistics education
- Data mining
- Survival analysis
- Multivariate analysis
- Statistical inference
- Spatial statistics
- Large scale data analysis
- Applied functional data analysis
- Genomics, transcriptomics, metabolomics and proteomics.
- Time series analysis
- Statistical genetics
- Microarray data analysis
- Nonparametric statistics
- Bayesian statistics
- Computational methods
- Item response theory

LANGUAGE

All written contributions in English.

ABSTRACT SUBMISSION

Further information regarding deadlines, fees, accommodation and abstract submission will be made available shortly on the conference website, accessible under <http://biometricsociety.net>
