The Management Science & Operations group at Imperial College Business School is seeking applications for two Research Associate positions:

– one position in Business Analytics and Operations Research, linked to the newly established KPMG Centre for Advanced Business Analytics (deadline 22 June 2015); and

– one position in Stochastic and Robust Optimisation, as part of the EPSRC grant EP/M028240/1 (deadline 13 July 2015).

Both positions are for two years with a possibility to extend. The advertisements can be found thorugh Imperial College's job application system (http://www.imperial.ac.uk/job-applicants). For further enquiries, please send an email to ww@imperial.ac.uk.

Wolfram Wiesemann

Associate Professor, Management Science & Operations

Fellow, KPMG Centre for Advanced Business Analytics
