## Postdoctoral Fellowship in Applied Statistics

Job Offer

Topics:

In the framework of the BCAM “Maths & Artificial Intelligence” strategy, a series of projects in this field will be launched in different areas of Applied Mathematics.

This project is titled “Fair Learning in Health” and deals with the development of mathematical models aimed at detecting and ensuring non-discriminatory and fair decisions based on artificial intelligence (AI) algorithms.

Special focus will be placed on health applications. María Xosé Rodríguez Álvarez

PI in charge:

Salary and conditions:

**The gross annual salary of the Fellowship will be 28.000 – 32.000€.**

It will then be on your own responsibility to make your yearly income declaration at the Bizkaia Treasury Agency.

There is a moving allowance for those researchers that come from a research institution outside the Basque Country up to EUR 2.000 gross.

[Free access to the Public Health System in Spain is provided to all employees.](#)
